

Teaching Assistant Program in France

The Teaching Assistant Program in France offers young Americans the opportunity to work in France for 7 months, teaching English to French students of all ages. Each year, over 1,100 American citizens and permanent residents teach in public schools across all regions of metropolitan France and in France's overseas departments.

Assistants teach English in elementary or secondary schools for a total of 12 hours per week in up to 3 schools. Assignments vary depending on the school's needs, the assistant's abilities, and the learning level to which the assistant is assigned. The assistant's role is to help the teacher with English lessons, serve as a resource person in conversation groups, and facilitate English-language clubs.
